

## **LL30 Sheer allowance for excess height of superstructure (Regulations 38(7) and 38(12))**

(1972)  
(Rev.1  
July 2008)

As Regulation 38(7) and (12) does not refer to a raised quarter deck it is recommended that credit under this paragraph be given for this type of superstructure only when the height of the raised quarterdeck is greater than the standard height of 'other superstructures' as defined in Regulation 33, and only for the amount by which the actual height of the raised quarterdeck exceeds that standard height.
